SUBJECT: DEPARTMENT OF LABOR (DOL) CASE STUDIES

We are in receipt of two reports from DOL. The first is a three part Research and Evaluation Report, each under separate cover, entitled *Involving Employers in Training: Best Practices; Case Studies; and Literature Review*. These reports focus on effective strategies and practices for training and retraining the American workforce and case studies of companies sponsoring Employer-Based Programs. The second is a Report to Congress entitled *Implementation of the 1992 Job Training Partnership Act (JTPA) Amendments*. This report addresses the effects on Title II youth and adult programs pursuant to the 1992 JTPA Amendments and efforts by Service Delivery Areas and state JTPA agencies to comply with the provisions of these amendments through April 1995.

There is a limited supply of these reports. If you are interested in receiving a copy, please contact Diane Coad of the Employment Training Network, at (916) 654-8896.
